Malach Metal & Machining is based out of Winnipeg, MB, which has been in the sheet metal industry for over 50 years. We are now looking for new Canada-wide partners to build their pools with our in-ground galvanized steel pool kits.

**Find out why Malach is the right fit for you today!**

ISO 9001:2015 CERTIFIED

## Pool Panels

We offer various sizes of pool panels, ranging from straight panels to curved panels with any radius. To create our durable and long-lasting pool panels, we use **14-gauge G235 galvanized steel**: the best in the industry.

## Custom Solutions

Whatever you need, Malach can make it happen! We build open-top stairs, closed-top stairs, or a mixture of both (as shown in image 1.4 & 1.5).

## Engineering / Design Services

Our in-house engineering team can custom manufacture any design. With years of experience in manufacturing and engineering, our team brings custom designs to life, building to customer specifications while maintaining strength within any structure.

## Advantages of Malach

- **Pricing:** Our prices are highly competitive.
- **Quality:** Our panels and staircases are some of the **strongest and most durable** in the industry.
- **Delivery:** Our lead times are **quicker than the competitors (3-4 weeks)**. Which gives YOU an advantage every time.

## Our Standard

We pride ourselves on our quick turnaround time while providing excellent products and services to all industries across North America and working with the customer from start to finish on every project.

\*We also have the benefit of a manufacturing plant located in Valley City North Dakota USA.

## Our Vision

Malach is relentless and committed to new technological solutions, delivering high-quality products, parts and complete customer service. We ARE recognized as the partner of choice in the industries we serve.
