Position: Welding Dept.
\$20.00-\$23.00 PER HOUR- DOQ
Permanent- Full Time

Summary:

Come show us your Metal. The Welding team is a crucial resource assigned to support the Department Manager with day-to-day activities within the process area or department on a given shift. The Welder is responsible for ensuring the daily production is completed according to the production plan while achieving desired quantity, quality, efficiency, and utilization objectives while adhering to policies and procedures.

What you'll be doing:

- Your Daily duties will look like setting up and operating department equipment along with the ability to adjust parameters on the equipment, working in a team environment, and working well with others.
- Familiarity working within an ERP (Enterprise resource planning) system, so computer literacy is also a must- we will also provide training for your success.
- Must have consistent welds with no rejectable qualities. So, no Pin holes or Undercuts!
- Must be able to use basic measuring equipment like Tape Measure, Calipers.
- Examine welds and ensure that they meet QA standards and/or specifications according to AWS
- Organize your workload to ensure parts meet customers specifications Coordinating daily / shift priorities with the Supervisor, Manager, Production Planner, Shipper and other internal customers or departments.
- Effectively organize cell clean-up, including time allocated to the area to ensure that the objectives are adequately met and the site is set up for the next shift.
- Ability to work shifts only as required, either P/t or F/t
- We are Family-friendly flexible environment.

Education:

- Minimum of 1-year experience on MIG (Gas Metal Arc, Flux Core Arc, Shielded Metal Arc)
- essential reading, writing, and arithmetic skills; generally acquired through a high school diploma or equivalent.
- Must Become AWS Certified or with the WPS/PQR- Malach offers an education incentive program to reach your goals.
